

- With the range of Novatech coated papers, you are sure to reach a very high productivity level, both in terms of printing and finish.
- Remarkable quality to the touch, producing a sensation of softness, very matt surface for an excellent ink/paper contrast, faithful reproduction of half-tones for a perfect rendering of black and white, sepia, and, more generally, 2-colours and 3-colours reproductions, exclusive coating technology that minimises drying times.

NOVATECH MATT
